RABON SERGENT
PRIMARY EXAMINER

Art Unit: 1711

The following is an examiner's statement of reasons for allowance:

The instant application is deemed to be allowable over the prior art of record, because the prior art fails to disclose or render obvious applicants' claimed method of forming conducting structures separated by gaps on a substrate, wherein etching of a wiring line layer is performed to form wiring lines separated by gaps and depositing of a dielectric material within the gaps to fill the gaps is performed by high density plasma chemical vapor deposition.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

It is noted that claim 3 has not been canceled, despite applicants' response. Rather, within the response, claim 3 was incorrectly numbered as claim 2. The examiner has corrected the claim by renumbering it to claim 3.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to R. Sergent whose telephone number is (703) 308-2982.
